WEEKLY E-NEWS

Community news, events and information important to our residents.

September 12, 2025

Gateway Center Parking Deck West Stair Tower Closure

The Village of Palatine contracted with Hammer Construction to perform maintenance repairs at the Gateway Center Parking Deck located at 251 West Colfax Street.

Effective this Monday, September 15, the west stair tower in the parking deck will be

temporarily closed for floor repairs for two weeks through September 26. Please use the east or north stair towers while the work in the west tower is being completed. The payment meters in the west tower have been moved to accommodate the work. The payment meters in the east stair tower and at the train station will be available during this time.

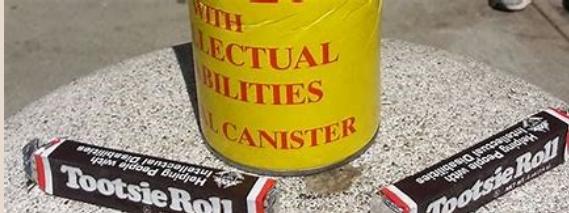

For more information, please call the Public Works Department at (847) 705-5200.

Lead Water Service Inventory

Lead service lines and lead components in internal plumbing are the most common sources of lead in drinking water. The vast majority of homes in the Village have copper service lines, which do not contain lead and cannot leach lead into the water supply. To check the material of your service line, view our **water service inventory** and lookup your address using the magnifying glass at the top right corner of the map. You can also check the material of your service line by conducting a scratch test. Find the instructions on our **website**.

For more information, call the Public Works Department at (847) 705-5200.

Tootsie Roll Drive September 19-20

Friday and Saturday, September 19 - 20, The Knights of Columbus and volunteers will be out offering donors the opportunity to support Intellectual Disabilities organizations and to score a tasty Tootsie treat!

The need for your support is great! Your donations directly benefit over a dozen local charities providing work, growth and enrichment opportunities for children and adults with special learning disabilities.

The Palatine Knights of Columbus www.kofc4977.org are hopeful that you will once again rise to meet our community's special needs. Your continued generosity is greatly appreciated!
