Community Safety Alert: Catalytic Converter Thefts

The Village is reminding residents to remain vigilant due to an increase in catalytic converter thefts being reported throughout the region. These crimes are typically quick and opportunistic, often occurring late at night or during the early morning hours, and can take place in just a few minutes with minimal noise or attention.

Most thefts occur overnight in residential driveways, apartment parking lots, and commuter parking areas. To help reduce the risk, residents are encouraged to park in a garage whenever possible or choose well-lit areas when parking outside. Parking vehicles close together, installing catalytic converter cages or shields, engraving a license plate or VIN onto the catalytic converter, and using motion-activated lighting or security cameras can also help deter thieves.

Residents are asked to remain alert and report suspicious activity, including individuals crawling under vehicles, lookout vehicles idling nearby, or the sound of metal cutting or sawing, particularly during late-night hours. If suspicious activity is occurring, call 911 immediately. For non-emergency reports or incidents discovered after the fact, contact the Police Department's non-emergency number, 847-359-9000.

If you suspect your catalytic converter has been stolen, contact the Police Department immediately and avoid driving the vehicle if it appears unsafe.

New Illinois Law for Batteries

Beginning January 1, 2026, all household batteries must now be recycled - it's the law!

This means NEVER dispose of loose batteries - OF ANY TYPE - in your curbside recycling bin or trash!

The Illinois Portable and Medium Format Battery Stewardship Act (**SB3686**) requires battery manufacturers to fund battery collection, with NO COST to the consumer!

While "it's the law" may sound daunting to some and welcome to others, this requirement is a win for everyone. It does three important things:

- Protects people and property by reducing fires and explosions caused by lithium batteries.
- Protects the environment by keeping hazardous materials out of landfills and reducing the need for additional mining of natural resources.
- Makes proper management EASY by providing convenient, local, **FREE drop-off locations for residents.**

Call2Recycle is the approved battery stewardship organization in Illinois and offers recycling for all loose, household batteries. They have developed a locator to make it easy for residents and businesses to find a convenient, FREE, local, drop-off point for both primary and rechargeable household batteries! The locator can be found [here](#).

Palatine Police Announce Holiday Enforcement Results

This past holiday season, Palatine Police teamed up with the Illinois Department of Transportation and law enforcement agencies statewide for the "Drive Sober or Get

Pulled Over,” “Drive High. Get a DUI.” and “Click It or Ticket” campaigns. From Dec. 12 through Jan. 5, officers focused on removing impaired drivers from the road and ensuring that motorists were properly buckled.

During the enforcement period, Palatine Police took the following enforcement actions:

- 1 DUI arrest
- 3 Drug arrests
- 1 Fugitive apprehended
- 7 Suspended/revoked license
- 1 Other felony/ misdemeanor arrest
- 18 Seat belt citations
- 9 Uninsured motorist citations
- 11 Speeding citations
- 65 Distracted driving citations

The holiday enforcement campaign was administered by IDOT with federal highway safety funds managed by the National Highway Traffic Safety Administration and is part of Illinois' "It's Not a Game" statewide media outreach program.

Christmas Trees and Wreaths

Live Christmas trees and wreaths can be placed at the curb on your scheduled collection day throughout January.

For more information, contact the Environmental Health Division at 847-359-9042 or visit our [website](#).

Holiday Light Recycling Program

Holiday string lights can be dropped off at the Palatine Village Hall, Village Services Counter (first floor), Monday through Friday from 8 a.m. to 4 p.m. until January 31, 2026.
